MEMORANDUM FOR ALL UNIT COMMANDERS

FROM: HQ CAP/LM

SUBJECT: Clarification on Cadet Testing

1. Testing officers should ensure that cadets receive some feedback on any of the test questions that they miss. While you should not give away the correct answer, we do encourage you to give the chapter and section reference for the missed questions (these are printed next to the correct answers in the answer keys).
2. By providing feedback to our cadets, we enable them to go back to the materials. You are encouraged to mentor these cadets in mastering the materials that they need to pass the tests.
3. We will include this clarifying language in CAPR 52-16 and CAPR 50-4 at their next reprints.
4. Send any comments to [rsmith@cap.gov](mailto:rsmith@cap.gov). Thanks for your leadership!

A handwritten signature in black ink that reads "William R. Bean". The signature is written in a cursive style and is positioned above a thin red vertical line.
